Student	Response
Anonymous	I greatly enjoyed this class and learned a lot. My ONLY issue was there were extremely too many weekly assignments. It because overbearing trying to tackle multiple assignments per week for this class when I had assignments that weighed heavier for my core classes.
Anonymous	I thought the materials we were given to read and write about were relevant to the course objectives. I thought the teacher was especially concerned with the students processing and learning the material. There were plenty of assignments centered on the given subject, and I thought we learned a lot. After the first four weeks, the textbook seemed like a superfluous purchase.
Anonymous	I was allowed to drop this course, however for the time that I was enrolled, Dr. Wynne provided lots of help and was certainly available.
Anonymous	Remote friendly
Anonymous	The instructor was great!!!
Anonymous	Unfortunately, this was my least helpful course of the semester. Many of the assignments were irrelevant to advancing my knowledge and understanding of the English language. There was a lot of busywork that took time away from completing more important assignments. The topics of many of the assignments seemed to be focused on the professor's interests and not necessarily helpful to the rest of us. I would not recommend taking a course from this professor.
