■ This was my favorite course this year as a freshman. Not only is Dr. Wynne very respectful and understanding, he is very helpful. There was never a time I felt as though I was confused by the content or what I needed to do to make an A on my papers and assignments. He ensures that each student gets attention and the help that they need not only as a class but individually. You can tell that he cares about his students doing well and being successful. His teaching style is also very helpful in understanding what can sometimes be hard material. He breaks each thing down and explains them in relatable ways. Overall, Dr. Wynne is an amazing teacher and I hope to have him again.
